Harold,

SUBJ: HARPER family (Mexico/Tex. border)

I never for a moment
thot Harper, Tito = Harper, Richmond C.

My first thought was
that "Rich" was a junior relative.
Presume Tito is the senior
male in this family.
I've been wrong before.

Is Richmond a son of Tito?
It's 80% they're related. What info
has Mary F. (or anybody) supplied?
Can you send Xeroxes of
your 2 or 3 best items?
